

# Geography Learning Passport Year 4

## Prior knowledge

- The location of the equator and tropics
- Types of settlement in Early Britain
- Eight-point compass points

## What I should know by the end of this unit of learning

I can name and describe climate zones and biomes around the world

I can locate different environmental regions on a map of the world

I can use different types of map to find and name the countries of North and South America

I can identify different types of settlement in Britain today

I can use fieldwork to observe and record human and physical features of the local area

I can compare a place in the UK with a place in South America

I can use four figure grid references

## Key Vocabulary

atlas

globe

computer mapping

fieldwork

grid reference

settlement

North America

South America

environmental region

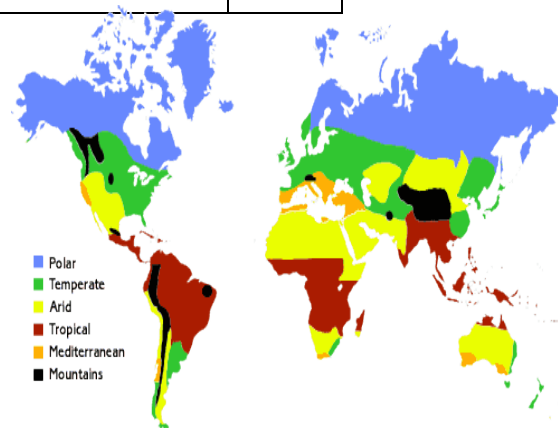

biome

climate zone

vegetation belt

## Key questions

- What is it like to live here?
- How do you think this place will change over time?
- Is there more human or physical Geography in this place?

## BIOMES
